1998 Index to Volume 60 of *The American Biology Teacher*

This index includes everything published in *The American Biology Teacher* during 1998 (Volume 60) except filler material. Book reviews in the title index are listed with the names of the book author(s) in parentheses; Audiovisual reviews list the name of the producer in parentheses. In both cases, the reviewers are listed in the author index. The index is alphabetical word-by-word. For example, "Educational" would follow "Education Theory." Page numbers indicate the first page of the article or department in which the entries appear. Entries are in three categories: Subject, Title, and Author. All entries include one of the following key codes:

A=Articles
B=Biology Today
C=Classroom Technology Reviews
D=Other Departments
E=Editorial
F=Features
H=How-To-Do-Its
L=Letters
R=Book Reviews

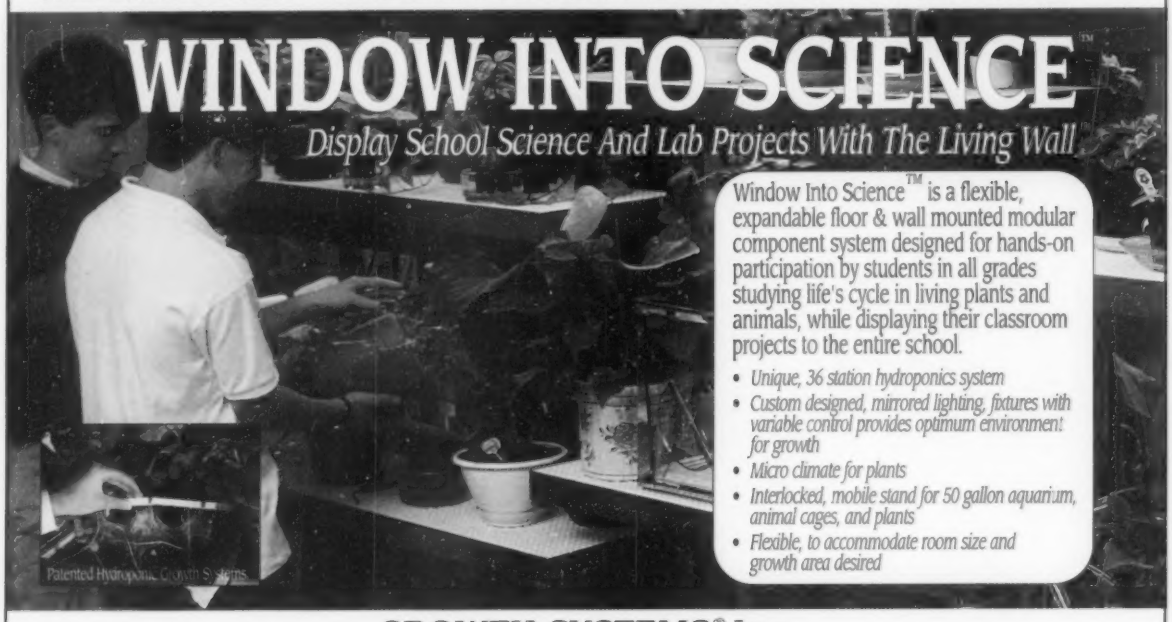
THE LIVING WALL™ IS IDEAL FOR NEW AND REMODELED SCHOOL PLANS



WINDOW INTO SCIENCE™
Display School Science And Lab Projects With The Living Wall
Window Into Science™ is a flexible, expandable floor & wall mounted modular component system designed for hands-on participation by students in all grades studying life's cycle in living plants and animals, while displaying their classroom projects to the entire school.
• Unique, 36 station hydroponics system
• Custom designed, mirrored lighting, fixtures with variable control provides optimum environment for growth
• Micro climate for plants
• Interlocked, mobile stand for 50 gallon aquarium, animal cages, and plants
• Flexible, to accommodate room size and growth area desired
Patented Hydroponic Growth Systems

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster annually on or before October 1. Keep a copy of the completed form for your records.
2. In cases where the stockholder or security holder is a trustee, include in items 10 and 11 the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check the box. Use blank sheets if more space is required.
3. Be sure to furnish all circulation information called for in item 15. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or, if the publication is not published during October, the first issue printed after October.
5. In item 16, indicate the date of the issue in which this Statement of Ownership will be published.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
